ACCOMPANIED TRANSPORTATION

Our JFCS Senior Services professional staff works closely with adults 60 years of age and older and their families to ensure safe, supported and independent living at home and provide resources, education and respite for caregivers.

Accompanied Transportation services offer clients assistance getting to and from medical appointments. We will pick you up at home, drive you to your appointment, wait for you at the appointment and then drive you back home. Services are available on a sliding-fee scale—call for more information.
